Objective:

I'm looking to work my way into an intern placement as a backend developer, by using my following strong traits as a **self-motivated** individual who **communicates** well, who can **form working relationships** at any level. Enjoys being a **team player** and **likes achieving**. Not afraid to "give what it takes" to **meet fast-changing requirements** in a hyper competitive environment. I plan to attain **my first huge professional goal** as a junior or trainee software developer.

Dear Employer,

Are you looking for an intern Software Developer with:

- Education attained over 3 years in ICT Software Development at a tertiary institution.
- A deep interest for learning new software's and technologies.
- Excellent oral and written communication skills.
- Someone who can be trusted to get tasks done as an individual and who collaborates well in teams.
- A drive to learn and improve on skills.
- A passion for finding innovative solutions that can help others.
- Someone with a competitive edge and brings value and character to the company's environment.

If so; Then I urge you need look no further. You will see from my resume that I am adaptive and can learn to thrive in a software environment.

I would very much like to discuss opportunities with your company. To schedule an interview, please call me on **074 296 3521**. The optimal time to reach me is between **6:00am – 8:00pm**, but you can leave a voice message at any time or send an email to 219231141@mycput.ac.za, and I will return you call.

Thank you for taking the time to review my resume. I look forward to talking with you.

Sincerely,
Taariq Khan
